Name: POLYTECH 360 TROUSERS	Code: MC5721Q5	MC57 CLOTHING - POLYTECH SERIES
------------------------------------	-----------------------	--

Trousers made of a technical fabric composed by 80% cotton, 19% polyester, 1% antistatic fibre, weight 355 g/m . It features a fly with zip and button, two front welt pockets with flaps and Velcro, rear pocket with flap and Velcro, two three-dimensional functional pockets with flaps and Velcro on the legs.

The trousers shall be worn with the jacket.

- The Polytech New Generation series is made with a multi-purpose fabric that combines antistatic properties with resistance to flames, heat and chemical products.
- Thanks to its features it is multi-purpose, practical and resistant, breathable and comfortable.
- It is possible to apply Vizlite 301 and 305 FR bands, produce garments in various colors and apply FR embroidery.

In combination with the trousers, it is possible to wear our undergarments: Carboflame undershirt art. MC5610 and Carboflame underpants art. MC5620.

The product is designed and manufactured to comply with the requirements of Regulation (EU) 2016/425 and subsequent amendments.
